BIG FLEET RETURNS--CONCORD'S LOSS

Shriners Coming;
Sierra Chartered

The Shriners are coming.
Manny Phillips arrived this morning, and he says that the coming of Islam Temple with Crocker and Filler and Neuman at the head of the party is as sure as anything can be.
The first day's canvass brought forth seventy-five people, and they have only two hundred to obtain as a guarantee. The latest scheme is to charter the Oceanic liner Sierra. The circular that is being issued by the Islam Temple follows:
Sept. 10, 1909.
Dear Sir and Noble:
At a meeting of Islam Temple, held last evening, a committee was appointed to formulate plans for the long contemplated Shriners excursion to Honolulu.
If you desire to take advantage of the most remarkable trip ever attempted by Islam Temple fill out the enclosed card, with check for \$100 per person, and mail same before Sept. 25, 1909, to Wm. Crocker, Potentate, 1799 Steiner street, San Francisco. The deposit of \$100 is for the purpose of making the first payment to the Oceanic Steamship Company to hold the S. S. Sierra.
The deposit will, of course, be returned if, for any reason, the trip is given up.
The rough plan as now outlined is as follows:
Leave San Francisco at 10 a. m. Saturday, Nov. 6.
Arrive Hilo, Island of Hawaii, at 8 a. m. Saturday, Nov. 13.
Trip to Volcano of Kilauea same day, stop all night at Volcano House, and have Ceremonial Session in the crater of the volcano.
Arrive back at Hilo and attend dedication of new Maonic Temple, then luncheon and grand ball in the evening, with hula dance, at which ladies will be present.
Leave Hilo for Honolulu 9 a. m. Nov. 16.

Concord Loses
Man Overboard

Three days out from Guam the U. S. S. Concord lost a coal passer named Luckynut, and after strenuous efforts to recover the body, was obliged to come on without him. The officers report that the man committed suicide as the result of mental disorder.
Flying an enormous homeward-bound pennant from her main truck, and looking spick and span considering her long trip of sixteen days from Guam, the gunboat Concord, Captain Schofield, arrived off the harbor shortly after 9 o'clock this morning.
The Concord still wears the white, which she will probably wear until she arrives at Mare Island Navy Yard.
The Concord.
As will be remembered, the Concord took part in the famous battle of Manila Bay on May 1, 1898, and came out unscathed as did the other ships under the command of Admiral Dewey. The Concord has been out in foreign waters for nearly five years, and will probably be placed out of commission when she arrives home.
It is quite possible that she will remain here until the Fleet leaves on the 5th of October.
The guns which made the Concord famous in the battle of Manila Bay, have all been taken off, and with the exception of one or two galling guns she is as harmless as a yacht.
The men which she carries as a crew are all to be paid off when they arrive at Mare Island, although most of them will re-enlist after a furlough. Good weather has prevailed from the day the Concord left Guam and a fast trip has been made, considering her long stay in waters which are noted for their fouling qualities.

15 Miles Of
Warships
Parade

NEW YORK, Sept. 25.—With 57 warships in double line, fifteen miles in length, New York opened the pageant of its Hudson-Fulton celebration here today. Beautifully decorated with flags, the column moved majestically up the river, followed by a thousand other boats. Five million spectators witnessed the parade. The parade will be repeated tonight with all the ships brilliantly lighted.

PEACOCK PROPERTY
TO BE SOLD

Administrator Asks For
An Order Of
Court

A petition has been filed in the Circuit Court by Cecil Brown, administrator of the will of the late Walter C. Peacock, asking for leave to sell real and personal property to pay claims against the estate.
The petition states that claims have been presented amounting to \$157,679.42, of which \$59,000 is secured by mortgages on land.
Permission is asked to sell the property of the estate on Bishop street between King and Merchant, which is covered by a mortgage to secure a promissory note on which there is now due Bishop & Co., \$41,000 and interest, and as further security 475 shares of the capital stock of W. C. Peacock & Co., Ltd. The second piece of property which the administrator wishes to sell is that at the corner of Nuuanu and Merchant, and that on Queen street makai of the Judiciary building. Upon the two parcels of land there is a mortgage to secure a note for \$18,500.
Authorization is asked for the sale of all of the property and the 475 shares of stock in W. C. Peacock & Co., Ltd.
October 25 has been fixed as the date for hearing the petition.

KOHALA MAN SAYS
ELGIN WAS ASKED

And That His Boy Sent
In Bill For
Supplies

A friend of Manager Elgin of Mahukona dropped into the Bulletin office this morning and stated that Mr. Elgin has been very much misrepresented in connection with the bill for entertainment that was sent in to the committee in charge of the Congressional tour.
It is stated that Mr. Holstein asked Mr. Elgin to send in his bill for any expense he had been to in connection with the Congressional party, and Elgin told his boy to make note of any additional stores used for the party.
It is understood that Mr. Elgin is very much upset over the publicity given his bill and that he would never have rendered any account if he had not been asked to do so by the local committee.

Speed Tests
Very Satisfactory

One of the officers in the fleet, in talking this morning about the speed trials just completed, remarked that taking everything into consideration the results were very satisfactory in every way.
"The ships had everything in their favor, and the only thing that we regret is that the ships did not make better time than they did.
"When we started out we had everything in our favor, and each ship behaved in a way that did credit to her in every way.
"The Pennsylvania took the lead in speed from the start and when the averages were made up she had made a trifle better than 21.85 knots for the four hours.
"The South Dakota came next with 21.50, and the West Virginia third with an average of 21.46.
"After the trials had been completed on Wednesday afternoon, the ships of the first division weighed anchor and proceeded to Hilo, while the remaining three ships rode at anchor in Maalea Bay until Thursday morning. The Pennsylvania got under way for Molokai at 5 o'clock and the West Virginia and Maryland got under way for Kealahou Bay, Hawaii, a little after 8.
"In summing up our cruise this week, all I can say is that it has been a great success in every way."
West Virginia To Repair.
The flagship West Virginia, of the second division, Admiral Barry, which arrived off port last night at 8 o'clock, was obliged to come in to Kealahou Bay under one engine, as trouble was discovered in her port high pressure cylinder, and considering this made good time into port. The West Virginia will not start coaling until October 1.
Coaling Ships.
The four ships of the first division, and the three of the second, which have been off cruising this week, will probably not start coaling until the first of the month, so as to allow the

Threatens Life
Of Whitney

Enraged because Judge Whitney had just signed an order by which his children are taken from him, A. Practu, a Spaniard, this morning threatened the life of the judge of the juvenile court; then had a fit on the first floor of the Judiciary building during which he writhed about the floor in apparent agony and then rushed at Mrs. Macabee, into whose care the children were placed by Judge Whitney. The maddened man was grasped by bystanders and prevented from carrying out his threats and taken to the police station. A charge of making threats against life will be sworn out against him Monday.
The case, which reached its culmination this morning, has been pending in the juvenile court for a month, the man being charged with inability to care for his offspring and being of a worthless and belligerent disposition. He had two children of his own, named Tony and Julia, and a short time ago married a woman with three children.
During the proceedings this morning it was shown that it was impossible for the man to care for his family and it also developed that he was in the Police Court last week on a charge of being involved in an attempted murder. On this showing Judge Whitney decided to give the children into the care of Mrs. Macabee.

CARS HELD UP.

About 1 o'clock today a Japanese wagon loaded with grain and a drum of gasoline caused a hold up of the Rapid Transit cars on King street near Fort. The off-side hind wheel collapsed and the contents of the wagon were strewn on the track. After a delay of several minutes the broken-down wagon was dragged clear and the electric car proceeded on its way.

David Kawaha was arrested last night on a charge of impersonating children into the care of Mrs. Macabee.
